Dear Technical Workgroup,

Unfortunately, after lots of back and forth, the date options shared do not work for the group. I am going to send out a new doodle pool at the end of the week, with the hope that we can all get together soon. Thank you for your patience and continued interest and involvement in the Illinois River Watershed Project.

Thanks so much.

Dear Technical Workgroup,

Hope everyone is doing well. We would like to provide an in-person update on the Illinois River Watershed Modeling project and would like to host a one day workshop in Dallas on the model, modeling tools and to discuss the latest developments. Please consider your schedule and let us know your travel availability during the March 5 – March 16 time frame. Please use the following link to indicate your preference on which day(s) to meet. <https://doodle.com/poll/zdggqwmkg79a8iw8>

There has been considerable advancement in the tools and we look forward to sharing all of the progress made.

Thanks so much and hope to see you soon.
